Remarks: The insured hit a depression whilst travelling along the Mvuma to Kwekwe road at the 25km peg. This heavy impact resulted in some damages on the front part of the car and airbags popped out. Grand Auto was the lowest repairer. Spares prices were verified with Sarjazz and adjusted accordingly. Suspension is not covered since it is specifically mentioned in the policy wording. Some adjustments have also been made on labour. Circumstances of loss are genuine.		Cost Agreed	\$21 105.26

Review Comments: The damage is consistent with the narrated circumstances. The adjusted repair costs are fair and reasonable.

Risk Surveyor's Signature  Date 06/16/25

Risk Manager Comments The damage observed is consistent with the reported circumstances. Kindly note that, although there was no passenger at the time, the passenger seat belt pretensioner was activated by the airbag sensors. Consequently, replacement of both the driver and passenger seat belt pretensioners is required. Please proceed with the claim processing and initiate salvage recovery accordingly.
